## **REMARKS**

Claims 11-29 are now pending in the application. While Applicant disagrees with the current rejections of Claims 11 and 21, Applicant has amendment Claims 11 and 21 in accordance with the Examiner's suggestion in the interests of expediting prosecution. Applicant reserves the right to pursue Claims 11 and 21 as originally filed in one or more continuing applications. The Examiner is respectfully requested to reconsider and withdraw the rejections in view of the amendments and remarks contained herein.

## REJECTION UNDER 35 U.S.C. § 112

Claims 11 and 21 along with dependent claims 19, 20, and 29 are rejected under 35 U.S.C. § 112, first paragraph. This rejection is respectfully traversed.

Applicant has amended Claim 11 to recite the frequency boosting circuit biases the current mirror and receives feedback from the current mirror. Claim 21 was amended in a similar manner. Therefore, Applicant believes that this rejection is now moot.

## **ALLOWABLE SUBJECT MATTER**

The Examiner states that claims 12-18 and 22-28 would be allowable if rewritten in independent form. Applicant reserves the right to amend claims 12-18 and 22-28 into independent form at a later date if needed.

## **CONCLUSION**

It is believed that all of the stated grounds of rejection have been properly traversed, accommodated, or rendered moot. Applicant therefore respectfully requests that the Examiner reconsider and withdraw all presently outstanding rejections. It is believed that a full and complete response has been made to the outstanding Office Action and the present application is in condition for allowance. Thus, prompt and favorable consideration of this amendment is respectfully requested. If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,

Dated: 1/19/06
